STILL HOPE THAT SOME ARE ALIVE

SOUNDS HEARD IN DEBRIS BLOCKING ENTRANCE OF WRECKED MINE AT ECCLES

REDOUBLED RESCUE EFFORT

Many Bodies Recovered from Mine No 6 and Fresh Parties Sent into the Mine

By Associated Press

Eccles, W Va April 29—Hope that some of the [illegible] still alive in Mine No [illegible] the New River Colliers Company were still alive was revived today

A rescue party driven out of Mine No 6 reported that they had heard sounds among the debris blocking the entrance of No 5 as of some one moving A party of fresh miners was hurried into the entry and began moving the debris.

Governor Hatfield today instructed Inspector Henry to make another attempt to enter the mine

The crew of rescue car No 7 is steadily at work and many expert miners have been organized in the rescue work and are being sent into the mine

The explosion occurred in mine No 5 The two shafts of this mine were demolished It is believed the explosion traveled through this mine into No 6 One shaft of the latter mine was wrecked but the other remains intact and to it is due the salvation of at least fifty nine of the workmen

This little mining community of 1,500 persons was shaken by the muffled rumbling of the explosion At first there was no smoke but men on the tipples knew that far underground the toll of death was being taken

Superintendent Thomas Donaldson of mine No 3 Local Superintendent M E Kent and General Superintendent F B Baylis of the New River Collieries Company were at the scene of the disaster within a short time Superintendent Donaldson and an expert rescue crew were lowered down the shaft of No 6 mine

For a time the crowd of frightened women and children at the tipples waited in suspense but soon the signal came to hoist away and the cage appeared It bore two men badly hurt a few of the rescue party and two bodies Other trips were made as rapidly as possible and each time blackened and burned miners were brought to the surface until sixty three men had been brought up four of them dead The injured were assisted to near by houses where physicians waited to care for them

The rescued men expressed doubt that any of the thirteen miners still in No 6 shaft would be taken out alive Some of the men said portions of No 5 mine were badly wrecked and they believed that the entrance connecting with No 5 mine had been entirely destroyed Of the bodies recovered two are Americans one a foreigner and the fourth a negro A large portion of the miners employed are Americans

The depth of the two main shafts is 600 feet and the mines are connected underground There are two other shafts into the mines but the explosion totally wrecked three out of the four The lone entrance leads into mine No 6 and by means of it the rescues were made No 5 mine apparently is completely shut off from the surface and rescuers hold little hope of reaching the large number of men in time to save them

ANTI-AMERICAN FEELING DIES DOWN IN MEXICO

Washington April 29—Sentiment against Americans in Mexico City changed after the truth was learned there as to what has taken place in Vera Cruz and the anti American spirit is temporarily in abeyance Admiral Fletcher reported today He said that he had learned this upon most reliable and personal information

The streets and theatres of Mexico City continued the dispatch are at present crowded and the status quo is most hopeful The Monday afternoon train brought high officers to Vera Cruz from the interior Lieut Fletcher who was in charge of this train was informed by the Mexican officers that their men in this vicinity have orders not to fire on our troops, but simply to keep the country free from bandits He was also given to believe that all Americans and other foreigners who wished to, could get out

South American Envoys Reported to Have Approached European Powers with Request

Berlin April 29—The South American mediators have approached European powers with a request that these nations exert influence with the United States to agree to concessions said to be necessary for the success of the negotiations

LAKE WICHITA BOAT PIER BADLY BATTERED

High Water Renders Repairs Necessary Before it can be Used as Landing Place

A fall of four inches was recorded in Lake Wichita Tuesday night and unless there should be another heavy rain the danger is considered past for the time being

The high water has damaged the boat pier to such an extent that it will be impossible to hold the banquet there next Saturday as planned and the spread for the visiting editors will be served in the pavilion The pier is partly under water and the remainder is battered and weakened to a point where permitting a crowd to gather on it would be out of the question It cannot be repaired until the water subsides which will be some time

It is reported that the high water made some new inroads on the land across the lake and some of the roads over there are said to be under water for the first time in history The water is not deep enough to stop travel but makes travel slow and inconvenient

The water is pouring through the spillway at a rapid rate the stream being about five feet deep under the Southern trestle It will be a month or more before the flow of water has entirely stopped even without additional rains

BIG RABBIT DRIVE AT ALLENDALE SATURDAY

Mile of Wire Netting Being Put Up—Drivers Asked to Assemble at Albert Gwinn's

The farmers of the Allendale community are planning to have a rabbit drive on next Saturday In fact there will be two drives one in the morning and the other in the afternoon A mile of wire has been purchased with which to construct the wings to the net which means each wing will be half a mile in length The party is to meet at the farm of Albert Gwinn on Saturday morning by 9 o'clock No dogs or guns will be allowed in the drive

The Times is requested to state that everybody is invited to participate in this drive and to bring their dinner with them The wire netting for this drive was furnished by the City National Bank of this city

TENTS WILL BE SENT FOR PEACOCK RELIEF

Austin Texas April 29 In response to an appeal for aid for the cyclone sufferers of Peacock Stonewall county Gov Colquitt directed the adjutant generals department to forward at the earliest possible time twenty tents to be used in sheltering the homeless

The appeal came from G A Gray chairman of the relief committee at Peacock who advised that about 200 people have been left homeless as a result of the storm

EASTERN RAILWAYS ADOPT REVENUE RAISING PLANS

Washington April 29—Railways operating in Eastern classification territory have adopted the evident suggestion given them by the Interstate Commerce Commission and have begun to file tariffs providing for a charge for spotting cars

The provisions and charges contained in the tariffs are identical in all instances indicating concerted action on the part of the roads

The charges are 5 1 2c a ton with a minimum charge of $2 a car The action of $2 a car it is believed would increase the revenues of the roads at least $10,000,000 a year

A charge of car 'spotting' is one of the was proposed to increase the returns to the railroads without making a straight advance in rates

GREEK WOULD FIGHT FOR ADOPTED COUNTRY

Austin, April 29—Z Sakellaris formerly an officer in the Greek army now a business man of Temple told the governor that in the event of war between the United States and Mexico 600 Greeks in Texas would enlist for service with the Texas volunteers and he estimated that 10,000 Greeks in the United States would offer to fight under the Stars and Stripes

JAPAN DECLINED TO ACT FOR HUERTA

WILL NOT REPRESENT HIM IN PEACE NEGOTIATIONS AS HUERTA REQUESTED

AN ARMISTIC WILL BE ASKED

Peace Envoys Notify U S and Huerta Such a Decision Had Been Reached

By Associated Press

Washington April 29 An armistice in the difficulty between the United States and Mexico has been asked by the South American envoys who have undertaken to avert war Ambassador De Gama of Brazil today notified Secretary Bryan that such a step had been determined upon and that General Huerta had also been notified

The proposal for an armistice was telephoned to President Wilson at the White House and although no announcement has been made it is reported that the United States will accept an armistice agreement on the condition that there would be no civil uprisings in Mexico or other untoward incident

The Brazilian ambassador today presented Secretary Bryan Huerta's answer to the Brazilian minister in Mexico City a refusing to mediation

The report persisted today that the envoys had seriously considered plans for a provisional form of government for Mexico No suggestion has been made to this government from any government other than Brazil Argentine and Chile

The Japanese government it was learned today was asked and declined to act for the Huerta administration in the negotiations It was also reported that prior to Huerta's application to Spain to have its consular representatives in the United States act for Mexico a similar application was made to Japan which declined to allow its consuls to act

Man Files Suit For Recovery Of His Own Hand

Suit for possession of his own hand which he had carried all his life until a short time ago and to which he probably became very much attached has been filed in the justice court at Electra by J T Hooker against the Producers Oil Company Several weeks ago while at work on a Producers rig Hooker accidentally cut off his left hand just above the wrist He was brought here for medical attention and an employe of the company picked up the severed hand and packed it in alcohol

A short time ago Hooker asked to have his hand returned to him, but the employe declined to give it back Hooker accordingly filed suit against the Producers asking for his hand While his petition does not say so it is probable that Hooker feels that no body has a right to come and take his hand away from him without asking him about it.

CARRANZA AND VILLA MERELY SSECTATORS

Chihuahua April 29—Generals Carranza and Villa have met and canvassed the political and military situation in Mexico with special reference to the attitude to be assumed toward the United States in its controversy with Gen Huerta and upon the highest authority it is stated that they have reached the conclusion that so far as matters have thus far progressed the constitutionalists are only interested as spectators

It was said emphatically by an informant that so long as there was no armed invasion of constitutionalist territory the statement of President Wilson and Secretary Bryan that it was not the intent of the United States to make war upon Mexico would be accepted at its face value and the constitutionalists would turn their attention to the prosecution of the revolution

CATCHING FISH WITH USE OF PITCHFORKS

High Water Permits Fish from Lake to Pass Over Spillway—Holliday Creek Fishing Good

Fishing with the bare hands without pole line hook line or snake bite medicine is now possible below the spillway at Lake Wichita and is being taken advantage of by a number of people Carp and crappie getting out of the lake through the spillway swim into the shallow water in the morning and evening to feed and it is no trick at all to catch them with a pitchfork or even with the bare hands

The fish fence which was constructed across the spillway proved too short there being deep water extending beyond each end As a result many fish got out of the lake while the water was at its highest and fishing has been good along Holliday creek for the past several days

CLASSIC ENGLISH RACE RUN THIS AFTERNOON

Newmarket Eng April 29 The Two Thousand Guineas first of the seasons big Classic three year old races was run today over the usual mile course here The race is worth its name was worth $2,000 to the winner and as might be expected with regard to an event which is considered a dress rehearsal of the all important Derby (run at Epsom a month from now) interest centered on the way in which the cracks had wintered

King George was present to see his colt Sunny Lake endeavor to follow in Minoru's footsteps and place the race to the credit of a monarch and the royal colt was much bled on account of his stylish display at the Newbury recently Unfortunately Sunny Lake is not entered in the Derby King George had not won a classic race up to today Americans pinned their hopes to Durbar France American bred son of Rabelais Armenia belonging to H B Duryea Duryea made no secret of his belief that Durbar would repeat the victory of his good colt Sweeper II a couple of years ago Betting however has taken but a narrow range owing to the uncertainty as to the well being or otherwise of Capt Dermot McCalmont's phenomenal grey the Tetrarch who simply smothered all on position as a two year old This oddly marked son of Roi Herode has been suffering from leg trouble and right up to the last moment there was uncertainty as to whether he would run Fit and well the Two Thousand and the Derby were reckoned a 'cake walk' for McCalmont's entry but it was known that he has been pinfired and the racing public has for months past been tormented by reports that the rocking horse as the Tetrarch is popularly called on account of his queer color would not be seen on a race track again McCalmont refused an offer of $150,000 for him last fall

GALLANT BRITISHER SAVED AMERICANS

GENERAL TWEEDIE WOULD NOT LET TRAIN GO UNTIL REFUGEES ABOARD

AMERICANS PERMITTED TO GO

Three Trainloads Now Enroute to Puerto From Mexico City

By Associated Press

Vera Cruz April 29 Anxiety as to the safety of friends and relatives in the interior was relieved today by reports that Mexican authorities are permitting Americans to leave, Refugees here settled down to await news from Puerto of the arrival of three trainloads of refugees from Mexico City

Commander Tweedie of the British cruiser Essex received advices that the trains would be dispatched from Mexico City last night

Puerto is a long and roundabout route to the coast and it is not expected that the trains will reach the coast before Friday

Rear Admiral Badger will have a vessel at Puerto to pick up the refugees He will probably not send a warship which might excite anti American feeling

The vessels in port at Puerto have limited wireless equipment consequently particulars as to the time of arrival of the trains with the names of those on board cannot be learned

800 Enroute To Coast

Reports from Mexico City say that 800 refugees are being conveyed to the coast Commander Tweedie found it difficult to convince Huerta that it was necessary to dispatch the trains and Sir Lionel Carden British minister to Mexico was called into the conference and Bridle Huerta visited

General Huerta declared there was no reason for placing a guard on the trains and anyway he did not care to assume the responsibility for the safety of the refugees

From Mexico City comes the report that an American whose name was not learned was killed in front of the Hotel Isabel a few days ago

E W Lehmer a ranch manager near Jasper and whose home is at Omaha not knowing of the developments several days ago started for Vera Cruz on a visit He was seized by federal soldiers at Sierra Blanca and carried to Cordova with twelve other Americans While passing through the streets of Cordova a mob of students pursued them and would have run them down had not the soldiers interfered

I was hit on the head with a flat stick and a man walking beside me was knocked down It was due to the fine conduct of the Mexican colonel that we escaped with our lives said Lehmer We were taken to the police and placed in jail in the same building and held for six days Among the prisoners were two women one with a young baby We managed to get enough blankets to keep them warm Monday we were taken to Soledad Tuesday the train arrived The officers were not going to let us go but Tweedie refused to let the train go without us Bunches of Mexican soldiers were gathered along the railroad tracks and our train would surely have been wrecked and the passengers killed but for the British flag carried ahead of us

Mexicans Kindly Treated

The bluejackets here have been ordered to be very careful not to do any unnecessary harshness in the treatment of Mexicans The Spanish consul here has sent a message to the Mexican minister at Mexico City asking him to communicate this fact to General Huerta

The release by General Gustav Maas the federal commander of Vera Cruz of more than 100 refugees who left Soledad yesterday through the intercession of General Tweedie the British commander clears the territory between Vera Cruz and the City of Mexico of all Americans except a few scattered families who whereabouts are unknown

Refugees Praise Britisher

The refugees from Soledad are enthusiastic in their praise of General Tweedie whose determined stand they believe saved them from probable death

When they were released from Soledad prison where they had been taken for protection against mob they were handed over to a Mexican major who had no instructions what to do with them The first train bound for Vera Cruz passed without stopping The refugees waited several hours until the train on which General Tweedie was riding came into the town It stopped At first the Americans were not permitted to board by the Mexican military but General Tweedie climbed the stairs saying

You need not worry this train will not leave without you

After several delays General Tweedie got them aboard the train and ordered it moved

MALE NURSES WANTED BY THE NAVY SERVICE

Recruiting Officer Urged to Make Enlistments of Men Qualified For Nursing Work

Five recruits have been sent from the naval recruiting station here recently by F M Kraus recruiting officer here. Many other applications are still pending but have not been finally acted upon as yet.

The government is now making a special effort to enlist male nurses and those recruited in this state will probably be sent to the Great Lakes for training. The following circular has been received by Mr Kraus on this subject:

Efforts are requested on the part of the recruiting force to make enlistments of qualified male nurses. Such men may be enlisted as hospital apprentices first class or hospital apprentices in accordance with their qualifications. Men who are enlisted in these ratings should be sent as promptly as possible to receiving ships or stations.

THROW AWAY YOUR GLASSES

A Free Prescription—You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eyestrain or other eye weakness. If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind, could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At Night they would pain dreadfully now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses but after using this prescription for fifteen days everything seems clear I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes, so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptably right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. (Advt)

TWILIGHT LEAGUE OPENS SEASON MAY 5TH

Next Tuesday evening will mark the opening of the Twilight League of baseball clubs and the opening game will be between the Irish Lads or clerks team and the postoffice nine. The tentative schedule has been prepared and will become official as soon as adopted by the club managers.

The lists of players for each team are to be filed with the president by six o'clock Friday evening, at which time a meeting of the managers has been called at Collier & Hendricks store. Each manager will be expected to submit a list of twenty players.

The games will be played at six o'clock in the evening on Tuesday and Friday of each week on the site of the old ball park across the railroad tracks. The tentative schedule follows:

Tuesday May 5—Irish Lads vs Postoffice
Friday May 8—Black Cats vs Liepold
Tuesday May 13—Irish Lads vs Liepold
Friday May 15—Black Cats vs Postoffice
Tuesday, May 19—Liepold vs Postoffice
Friday May 22—Black Cats vs Irish Lads
Tuesday, May 26—Irish Lads vs Postoffice
Friday May 29—Black Cats vs Liepold
Tuesday June 2—Irish Lads vs Liepold
Friday June 5—Black Cats vs Postoffice
Tuesday June 9—Liepold vs Postoffice
Friday June 12—Black Cats vs Irish Lads
Tuesday June 16—Irish Lads vs Postoffice
Friday June 19—Black Cats vs Liepold
Tuesday June 23—Irish Lads vs Liepold
Friday June 26—Black Cats vs Postoffice
Tuesday June 30—Liepold vs Postoffice
Friday July 3—Black Cats vs Irish Lads
Saturday July 4—Double header to be arranged later.

If two more clubs join the league the above schedule will have to be revised on a three game per week basis.

GAS LINE BREAKS DRILLING STOPPED AT FRIBERG

The Corsicana well drilling on the Friberg farm and the well on the Perry farm are temporarily shut down on account of a break in the gas line which furnishes fuel for the drilling rigs.

The Corsicana well is down 1,100 feet. A showing of gas has been encountered. The well on the Perry farm is down 600 feet.

The gas line was broken at the river by the high water Monday.

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite

He says:

Vinol is just the thing. For summer, winter, fall or spring follow directions, take it right. It will save our losing appetite.

I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, toted rocks, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry.

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol, our delicious tonic which has the strength, iron and blood making power of iron and the building up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing. Miller Drug Store.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

MALE NURSES WANTED BY THE NAVY SERVICE

Recruiting Officer Urged to Make Enlistments of Men Qualified For Nursing Work

Five recruits have been sent from the naval recruiting station here recently by F. M. Kraus, recruiting officer here. Many other applications are still pending, but have not been finally acted upon as yet.

The government is now making a special effort, to enlist male nurses and those recruited in this state will probably be sent to the Great Lakes for training. The following circular has been received by Mr. Kraus on this subject:

"Efforts are requested on the part of the recruiting force to make enlistments of qualified male nurses. Such men may be enlisted as hospital apprentices first class or hospital apprentices, in accordance with their qualifications. Men who are enlisted in these ratings should be sent, as promptly as possible, to receiving ships or stations."

THROW AWAY YOUR GLASSES.

A Free Prescription—You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eyestrain or other eye weakness. If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes, so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet, and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptably right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. (Advt)

LOCAL CONTESTANTS WILL GO TO AUSTIN

High School Speakers, Debaters and Athletes Will Participate In State Meet

A number of high school boys who were winners in the district track meet that took place several weeks ago will leave Thursday to take in the interscholastic track meet at Austin. They will be accompanied by the high school debating team, composed of Brennan Gillespie and Otis Nelson and Professors Brant and Vance.

The track athletes who will attend the university meet and the events that they will participate in are as follows: Wilbur Lea, mile and half mile; Ivan Lawler, hammer throw, Addison Trotter, 220 and 440 yard dash; Lexter Cooper, high jump and broad jump; Lawrence Dougan, pole vault and high jump.

DECIDE YOURSELF

The Opportunity Is Here, Backed By Wichita Falls Testimony

Don't take our word for it.
Don't depend on a stranger's statement.
Read Wichita Falls endorsement.
Read the statements of Wichita Falls citizens.
And decide for yourself.
Here is one case of it.

John Glen, shoemaker, 712 Seventh street, Wichita Falls, Texas, says: "For many years I had various troubles caused by my kidneys and bladder. I had pains in my back and side and was troubled by irregular passages of the kidney secretions. Seeing Doan's Kidney Pills so highly recommended, I tried them and found them even better than represented. They cured me and now I seldom need a kidney remedy. GAS LINE BREAKS; DRILLING STOPPED AT FRIBERG

The Corsicana's well drilling on the Friberg farm and the well on the Perry farm are temporarily shut down on account of a break in the gas line which furnishes fuel for the drilling rigs.

The Corsicana well is down 1509 feet. A showing of gas has been encountered. The well on the Perry farm is down 675 feet.

The gas line was broken at the river by the high water Monday.

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite

He says:

Vinol is just the thing
For summer, winter, fall or spring
Follow directions take it right
It will save you lingering appetite.

"I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug well, toted trees, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol our delicious tonic which has the strengthening and blood making power of iron and the building up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing. Miller Drug Store.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

PLEADS FOR A BETTER MARKETING SYSTEM

To the Times

I am trying to truck farm it in the rural district on the irrigation plan I am an infant in the business and a stranger in the rural land as I am to the Times and city While I have had but little experience in raising and selling garden produce since I came to this rural district I can see that some thing is needed to be done in the way of bringing about a system by which the producer dealer and consumer may handle produce raised for the market in and around Wichita Falls

When I load my truck wagon with vegetables and carry them to this market it is a difficult matter to dispose of it at a living price

When I approach the wholesale men they say they have no time to lose with my little stuff and when I call upon the grocery dealer he informs me that he is already supplied by the wholesale men And I often find a car load on the side track which the jobber or peddler can put up a plea he can buy or be supplied at prices cheap than I can afford even to gather out of some other mans patch and haul to town much less spending money for land and seeds valuable time and irrigation water to raise the stuff

This makes me think I would have been better off had I never located here and instead of giving $400 per acre for land to raise truck to sell on the Wichita Falls market I would not give $10 per acre for it

When a fellow sends off to Sears Robuck or to any mail order house for articles the cry is Why dont you patronize home industry and at the same time when I have my wagon full of stuff to sell which the soil produces at Wichita Falls I cant sell it from the fact that the dealers are well supplied from other sections

I wonder if it is a fact that we truck growers around this city will have to resort to some other market to [illegible] se of our produce when at the sa[illegible] time there is more consumed he[illegible] than we can make?

[illegible]led this market with sweet pota[illegible] We will hold up this article as [illegible]ple of the business I would go [illegible]th a load of eight or ten bushels [illegible]ffer them to the dealer at $1 00 [illegible]ushel He refuses to buy while he sa[illegible] time he is selling the same grade for $1 50 per bushel that he had bought from the wholesale dealer or the car on the side track Then when I get out in the streets and offer my product to the consumer for the same price the dealer threatens to boycott me

We truck growers would like very well to bring about co-operation with the dealer or peddler and consumer by which we might dispose of our products We must have a market for what we produce even if we have to resort to some other market If we cannot sell what we raise, the irrigation water rents and high priced lands will go out of business as well as the truck growers

Our motto should be Cut out the expense between the producer and the consumer By so doing it will enable the consumer to buy more and create a greater demand for our stuff

It seems to me that there are several parties who should be interested in the matter of the welfare of Wichita Falls The man who orders produce from other sections when he can get it here is building up and creating high priced lands where the stuff grows

If I cannot sell my produce I can not afford to buy lands and pay irrigation water rents for seeds and tools in order to produce stuff for the market and the man who sends the water down the ditches the wholesaler the retailer and the consumer as well as the producer who places it on the market should be interested in bringing about a plan of living and let live for all

Let us look around and see how things are working I can say to the readers of the Times and the consumers of produce that I drove in the city of Wichita Falls with a little stuff to sell after trying the retail dealers Failing to sell them I went to the wholesale dealers and they informed me they didn t want my stuff Then I began to sell to the peddlers and the wholesale men ordered me away He was selling them stuff that was raised in some other land How does that strike the man who has come to Wichita Falls and paid from $300 to $400 per acre for irrigated land? It makes me wish I was where the produce was raised that is being shipped in here

Let us all get together and work together for the best interests of all concerned

If the editor approves this, I will come again asking all who are interested along this line to come together at some specified time to discuss ways and means by which to dispose of produce raised in and around the city of Wichita Falls

THE LAND TENANCY PROBLEM

While attending the State Press Association at San Antonio last year the late Col Henry Exall accepted an invitation to address that large body of newspaper men At that time there was considerable talk of Col Exall making the race for governor but during the course of his address he made it plain that under no circumstances would he accept the nomination That afternoon and the next morning we looked over the San Antonio papers to see if the speech had been reported in full but never could find a part of it—the part we considered at the time was by far the best Ever since that time it had been a matter of regret to us that a copy of that address, particularly that part which is reproduced below, was not secured at the time of delivery It might have been that Col Exall had made use of it in former addresses delivered by him but if so it had escaped our notice As we remember it Col Exall vouched for its truthfulness After waiting for almost a year the story has at last found its way into print We find it in a marked copy of the Houston Telegram which paper gives credit to the Henry Exall Farm Book just from the press and is as follows

I was to speak at a beautiful country town one afternoon In the morning the committee took me for an auto ride to see the beauties of the surrounding country and I did see many things that gave me great pleasure but presently on a by road my attention was attracted to something that ought not to exist I saw a house in which no human being ought to live and as we approached it I said ' I am thirsty stop a minute and I will go in here and get some water The owner of the auto and of the land said, 'But you can t get any water here . There is a good well down the road " But I said, I can t wait I am choking chauffeur stop the wagon' and I grabbed him and forced him to stop

As I got out of the car I noticed that the house stood two feet above the ground and that weeds completely encompassed it I said to the landlord and his companion, I am afraid to go into this house by myself there might be a dog under it Come go with me He didn t want to go and declared it was useless to expect to get a drink of good water at that house but I insisted and finally forced him to go I found inside just what I expected to find—a poor anemic woman sallowfaced destitute miserable There were three baby children from four to eight years old and one little fellow two or three in a soap box by the wall who has surely been put into another box long long ago

I said Madam can you give me a drink of water Yes sir she said if you can wait till the children can go and fetch some I said How far do they have to go? She looked at the landlord and answered Not so very far 'Good woman ' I said you have sometimes heard how far it is to the well haven t you" Yes sir it is somewhere twixt a quarter and a half I said Then these baby children bring all the water that this family consumes during the year between a quarter and a half mile? No sir he said 'when the baby ain t so sick I brings the most of it myself I said The baby is very very sick isn t it? Yes sir she said he is monstrous sick I am fearful about him I said What do you feed him? She said It is hard to find anything to feed him since we lost the cow I said Did the cow die? No sir she didn t die but we owed on her

I pointed to the landlord and said Did this man take the cow away when the baby and the children were famishing for the milk? No sir he didn t do it she answered I said Did his hired man take the cow away by his direction? Yes sir but we owed him I turned to that man and said 'Get away from me Don t stand near me I would not ride back to town with you I would walk ten miles first

Every man who knows of such a condition and does not help to change it and smoke out the cruel perpetrator is really a party to the crime

OFF COLOR JOURNALISM

John R McLean who owns the Cincinnati Enquirer and the Washington Post has been co operating with William R Hearst in the effort to discredit President Wilson s administration in the matter of canal tolls The methods to which these high minded (?) journalists resort to get material to fire the public mind is well illustrated in the following telegram

Cincinnati Ohio April 10 1914
Some Reliable Newspaperman Elkhart Indiana

Please file early Friday evening 300 words showing unfavorable sentiment your section toward President Wilson s stand on Panama canal tolls Interview big business men and get them to say something hot

ENQUIRER

The telegram fell into the hands of a reliable newspaper man but not the kind the Enquirer was looking for He sent it to Senator Kern who read it in the Senate and revealed the scheme to cook up a lot of alleged public sentiment against the president

As a matter of fact an overwhelming majority of the people of the United States are opposed to subsidies of all kinds and have no sympathy with the effort to subsidize the owners of coastwise ships There is much indignation among these ship owners and small calibre politicians who are looking for an issue to discredit the president but now that the methods by which the anti administration newspapers get their hot stuff on canal tolls has been revealed there will be a slump in the market for hot interviews condemning the president s stand—Waco News

J. H Green of Iowa Park, was a visitor here today Mr Green says that wheat prospects could not be improved upon. He says the prospects are to be compared only with the big crop of 1891 when the largest crop ever harvested was marketed in Wichita county. Mr. Green says the acreage is larger in the Iowa Park territory than he has known for years and is probably the largest in the history of the county.

You sacrifice not a single thing and you get more digestible, more appetizing, more economical food by the use of

Cottolene

Try Cottolene for baking and for frying—just as thousands of other women have done—you'll quickly appreciate why prominent cooking authorities use it and commend it so highly.

Cottolene makes better, lighter and entirely digestible bread, pastry and other baked things. Persons unable to eat foods fried with other fats, digest with ease foods fried in Cottolene.

And besides all this, Cottolene saves a great deal of money. Goes a third farther than butter, lard and other cooking fats.

If you'd like a book of choice recipes, write for "Home Helps"—a postal card will bring it.

GET IN ON THIS CUT GLASS SALE

LAST week a lot of people told us, after the sale was over, that they wished they had known what the cut glass water sets were like that we put on sale for five dollars. If they had known they surely would have bought. We are sorry we did not have a picture of the set to put in the paper so that everyone could have seen them, for they were sure a good bargain and one that we will not soon be able to duplicate. But tomorrow we will make some prices on other articles that will be equal in value and priced just as low.

85,000 ACRES IN WHEAT ESTIMATED

CONSIDERABLE MORE THAN MILLION BUSHELS PROMISED FOR THE HARVEST

CROP WAY ABOVE AVERAGE

Oat Crop Acreage Less and Yield Will be Below Ten Year Average

[illegible] than a million bushels of wheat will be produced in Wichita county this year local grain men estimate if the crop pans out as good as the prospects indicate This is the largest crop this county has [illegible] and means in round numbers a million dollars for the farmers of [illegible]

It is estimated that about [illegible] acres will be planted to wheat in this county and if the yield is as good as ten year average in Texas—that is about eleven bushels—it would make a crop of 9?,000 bushels for the county However it is thought from the present outlook that the county will average at least fifteen bushels and some place the average still higher At fifteen bushels to the acre the yield would be over 1,250,000 bushels

The present condition of the crop is placed at 110 that is to say ten per cent above the ten year average The acreage is about twenty per cent more than last year

The oat crop is not nearly so good its condition being estimated at [illegible] and its acreage at [illegible] the late freeze did considerable damage to the crop

MEXICANS SAW DOG DIE THEN WENT ON STRIKE

Mine Superintendent Who Was Dosing Employes Had Hard Work to Prove Not Poisoner

Vera Cruz April 21 Why Jim Mc[illegible] thinks he is not his real name but a stress of his Mexican [illegible] at Mineral [illegible] was like this

Yellow fever [illegible] in the city and of course the first effort of the doctors was to guard against its spread The ordered quarantine [illegible] those who were in a position to afford it to increase their [illegible] and thus avoid all chances of contracting the disease For the Mexican peons who [illegible] of strychnine and morphine [illegible] miners went to work [illegible] used to line them up in rows [illegible] have the [illegible] for [illegible] a spoonful of strychnine [illegible]

Well it then [illegible] Mexicans that McNiff [illegible] poison his miners Of course [illegible] quickly got the idea [illegible] the effect strychnine to see what it was A hundred Mexicans lined up with [illegible] which the contents of a full bottle [illegible] A moment later a hundred Mexicans saw a [illegible] turn up its toes and die

The strike began that night and it took two weeks for McNiff to prove that he was not a whole [illegible] strychnine poisoner

Among the cavalrymen down along the Rio Grande writing to come up here to the Mexican capital if they get a chance is Troop C of the 11th the richest troop in the army It is made up of rich men's sons rather than most of its officers including Captain Warren Dean and most of its privates are business men

Just at present the troop has two acres of watermelons planted at Cibolo Texas owns 200 chickens 20 hogs and has a cow and a calf all of which are to will be bringing money into the troop mess At last reports Dean was negotiating for a moving picture show in the small town of Cibolo which would bring even more funds into the troop exchequer

The biggest and finest ball ever given by a troop along the Rio Grande since the Mexican trouble started was given by Troop C [illegible] 80 and 90 soldiers attended from all [illegible] around

CHATTERTON BOOSTING FOR WICHITA FALLS

(Brownwood Bulletin)

W A Chatterton of Waco and Wichita Falls arrived in Brownwood yesterday morning and will make his headquarters here for a couple of weeks He is the traveling man who had the temerity to enter the contest for governor of Texas I am now $100 wiser and that's all the wisdom I could afford he said in commenting on his withdrawal Chatterton found that the support of the traveling men was impossible, because their is naturally a competitive profession

Chatterton is a booster of everything that pleases him He has already found that there are a number of live boosters in Brownwood and he likes them Boosting made a town so he says and he wants it for he is continually boosting his line of goods and boosting his home Wichita Falls He has been so accustomed to the ways of Wichita Falls in fact that when he saw a drunk in Brownwood he took a close look He didn't know that the Brownwood water was good to drink but he learning Commenting on the Brownwood race he says

Mr Mayo I know anything about horse racing but I know anything about a race when I see it and the race I saw was one of the closest finishes I believe that Walker over has [illegible] a strong man for the place and with the support of the better class of newspapers he could have been elected I believe he eliminated himself from the race

COMPLETE ARRANGEMENTS POULTRY SHIPPING EXHIBIT

Arrangements for the visit of the special of the federal department of agriculture were completed yesterday afternoon when W W Evans of the Kansas City district with the bureau of Commerce officials regarding the visit The car will be here May 14 Letters will be sent to all poultry in this section who it is thought would be interested and a special effort will be made to have Oklahoma farmers here to attend the lectures and demonstrations The school children will also attend it is planned to have a committee from each room in which the pupils are ten years of age or over to attend the demonstration and then return and explain it to the others

The car will be in charge of specialists under the direction of H C Pierce who will demonstrate to local handlers and shippers of eggs and poultry the latest systems of testing candling packing and chilling eggs for travel to distant markets

The effects of this demonstration are to improve the quality increase the supply and decrease the present loss in poultry and eggs in the country It is estimated that during the summer months the loss to farmers on eggs handled in the territory surrounding Wichita Falls is over $1000 per week This enormous loss can be entirely prevented by the proper instruction to the farmers who have neither money to spend nor time to spend in cities having more time to spend

The methods to be demonstrated are those which after long practical tests by the department have been proved to be effective in preventing deterioration of poultry products and in bringing them to distant markets in prime condition All interested in shipping poultry and eggs or producing them for market are invited to visit the car and attend the demonstrations which are free The car will work every day as it comes the essentials of a thoroughly modern poultry refrigerating plant operated by its own gasoline engine and is the only one of its kind in the world

The advertisement of our big buggy sale which appeared in Sunday's TIMES, certainly was a good starter. We well knew that this special offer of a $75.00 buggy for $60.00 wouldn't last long, and, in fact it didn't last long, so we must change our advertisement to-day, and for the balance of this week, or as long as they last, we will offer you our regular $90.00 high grade Buggy for (cash) **$72.00**

—AND—

$85.00 high grade Buggy for (cash) **$68.00**

These we make no special mention of only for the reason that we have unusually more of this grade, but we also have quite a variety of Surries, Phaetons, open Runabouts, oil drillers wagons and spring wagons which are included in this big buggy sale that lasts this week only.

Remember, this week only—we will not continue this sale another week because it will not be necessary, as our present sales have already proven that we are selling 'em.

FLORAL HEIGHTS

The most beautiful residence section of Wichita Falls

It lies high, has every convenience and lots are priced very low There are many magnificent homes and beautiful cottages galore No part of the city can compare with the restricted district in beauty and elevation You can see ten miles in any direction and every street is lined with sheltering shade trees. Building restrictions are very reasonable

This company has some choice lots left ranging in price from $150 00 to $150 00

Unquestionably Floral Heights is the place to live

WEALTH OF HAIR

Parisian Sage Makes Thin, Lifeless Hair Soft and Abundant

Beautiful hair, thick, soft, fluffy, lustrous and free from dandruff is one of woman's greatest charms. Yet so many have stricken, thin and lifeless hair and think there is no remedy. "Pretty hair is largely a matter of care.

Frequent applications of Parisian Sage well rubbed into the scalp is all that is needed—it acts like magic. Try it tonight—you will really be surprised with the result. Not only will the hair become soft, fluffy and full of life and real beauty, but all dandruff disappears, falling hair and itching scalp cease, your head feels fine.

All druggists sell a large bottle of Parisian Sage for fifty cents. Get it from Boothe & Lynch and they will refund the money if you are not satisfied. (Adv.)
